About Kane Display™ Pro
Kane is a display typeface originally designed for a journalistic Blog and inspired by woodblock type posters of Citizen Kane by Orson Welles. In 2017 we added some new styles inspired by the work of conceptual artists such Christopher Wool and Lawrence Weiner. Available in four styles (Normal, Italic, Frame, Stencil), it supports Standard Western and Latin Extended characters. Suitable for logos and titles.

Styles: Normal, Italic, Frame, Stencil.

Features: 3 stylistic alternates sets, latin extended (base, Western, Central & South Western Europe, Afrikaans).
